The Beeps Music for Awkward Situations (Ilegalia)

Oh, so groovy. The Beeps feature that lovely organ sound that made 60s party music so, well, hip. The rest of the stuff is a vague sort of Eurotrashy lounge affair--think Stereolab dialed down. Well, and a bit more diverse. The Beeps do venture into other bright 60s sounds (an orchestrated surf tune, for example) but always, always keep things cool. And that works just fine.
